DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 51 and 52 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Chase.
- 3. Chase discloses the invention as claimed where: 110 is a mounting joint with a face 122 and a rounded surface 117 extending therefrom. The rounded surface is a cavity for holding a diode.

Conclusion

- 4. Claims 1-50 and 53-64 are allowed.
- 5. This action is being made *non-final*. The applicant's amendment mailed 15 SEP 2003 "crossed in the mail" with the Examiner's rejection mailed 17 OCT 2003. This non-final action is being mailed to clarify the record.
